## Data Sheet

Revision 21.10

Date 7/01/2021

### TECHNICAL SPECIFICATION

|                           | TECHNIQUES or ANALYTICAL METHOD (*) | LIMIT VALUES (legal or internal) | MEDIUM VALUES (by Quality Control) |
|---------------------------|-------------------------------------|----------------------------------|------------------------------------|
| Physical state            | DC 1.01                             | liquid                           | liquid                             |
| Colour                    | DC 1.02                             | brown                            | brown                              |
| Smell                     | DC 1.03                             | typical                          | as test                            |
| pH 1% solution            | DC 1.05                             | 3.5 - 4.5                        | compliant                          |
| Dispersibility            | DC 1.04                             | good                             | good                               |
| Density                   | DC 1.10                             | 1.0 - 1.2 g/ml                   | compliant                          |
| Enzymatic activity        | technical information               | Pectinase (PG PME PL)            | Positive application test          |
| Cinnamylesterase activity | technical information               | negligible                       | compliant                          |
| Antocyanase activity      | technical information               | negligible                       | compliant                          |
| Support components        | technical information               | KCl glycerol                     | compliant                          |
| Toxic substances          | technical information               | none                             | none                               |
| Arsenic                   | A.A.Spectrophotometry               | Max 3 ppm                        | compliant                          |
| Lead                      | A.A.Spectrophotometry               | Max 5 ppm                        | compliant                          |

### CLASSIFICATIONS AND DECLARATIONS

|                              |   |
|------------------------------|---|
| Compliance with regulations  | EU Reg. 2019/934 - Codex OIV (oenology) - Product allowed for the production of organic wine for pectolitic activity (ann. VIIIbis EC Reg. 889/2008)<br>UE Reg. 1332/2008 (food enzymes)                  |
| Limitations of use           | =   |
| Minimum term of conservation | see label   |
| Safety Classification (CLP)  | Danger – pictogram GHS08<br>Hazard statements: H334<br>Precautionary statements: P342+P311  |
| ADR classification           | Not classified<br>It does not contain GMOs; it does not come from GMOs  |
| Allergens                    | Does not contain products of the. II of the EU Reg. 1169/2011   |
| Products of animal origin    | none  |
| Kosher certification         | Not available   |
| Other statements             | This product does not contain nanoparticles and has not been subjected to ionizing radiation.<br>Quality Management System Dal Cin Gildo Spa certified according to ISO9001: 2015 (No. 1713 Certiquality) |

### PACKAGING AND STORAGE

Tank of 5 kg (code 5332)

Tank of 25 kg (code 5331)

Keep the product in its whole package in a cool place, away from moisture.
